OUR REGION

TAO Inspired Living is located in the heart of the Riviera Maya, on the north east coast of the Yucatán Peninsula in México. This stunning part of the world features an array of attractions ranging from deserted white sandy beaches to modern architectural complexes, including hotels, marinas, sport facilities, a rich art and music scene and gourmet restaurants.

Our region is home to several small towns along its coastline including Puerto Aventuras, Akumal, Chemuyil and Tulum, all of them located no more than 1.5 miles from the wonderful turquoise waters of the Mexican Caribbean.

The Mayan culture still remains present throughout the area and can be experienced in the local arts, food and entertainment offered in-town and in the many indigenous communities still found here.

The true splendor of the ancient Maya civilization is most evident in the numerous unique archeological sites of this stunning area, such as in Tulum, Cobá, Chichen Itzá and many others. It is through the pyramids, playing fields, sculpted stone pillars, plazas and temples that some of the mysteries still surrounding one of México's most important cultures, can still be experienced.
